SDG 11:

Sustainable Cities and Communities

- 2nd International Conference on New Trends in Civil Engineering (9–10 December 2024).
- Faculty of Languages & Literature signed an MoU with PILAC (Punjab Institute of Language, Art & Culture) on language, literature, and cultural research (March 2025).

11.1 Mini House Design

UCP organized the Mini House Design competition to encourage students to apply creativity and architectural thinking in designing sustainable housing models. The activity focused on space utilization, innovative design concepts, and environmentally conscious construction ideas.

This initiative reflects UCP's commitment to experiential learning and aligns with SDG 11 by promoting sustainable urban planning, innovative housing solutions, and resilient community development.
