

Policy- And Lawmakers Outreach and Education

- ❖ UCP faculty members actively assist policy makers and lawmakers by providing outreach activities and courses relating to sustainable development goals (SDG) concepts such as economics, law, technology, migration, displacement and climate change.
- ❖ The UCP faculty in relevant professional fields advise government agency committees and help implement the agencies plan.
- ❖ UCP faculty members ensure the policy makers and lawmakers recognise and understand the sustainable development concept and guide them in finding feasible strategies and specific actions towards achieving the United Nations' 2030 SDGs.
- ❖ UCP Faculty members implement government agencies projects and provide effectiveness or closure reports, effectively assisting the policy makers in implementing critical policies or consulting on policy formulation.
